Tenderers/Participants are competing in the e-auction room by changing their offers/bids according changes of item criteria.

Process of electronic auction

- Tenderers submit own bids at the defined time frames:
 - By decreasing value of criterion Unit price (evaluation based on the price)
 - By changing the value of criteria (evaluation based on the most advantageous offer)
- Automatic evaluation system reassesses entered bid values during each time
- During the e-auction automatic evaluation system still shows for tenderers
 - Value of the last submitted bid
 - Value of the best bid
 - Total/relative position

Before submitting bids tenderer gets needed information about electronic auction via summary wizard.
